Re: TOKEN OF APPRECIATION FOR GOOD SERVICE

Telecom Lesotho, herewith extends its congratulations to Molapo Technology on its new premises and hope you grow to new heights at this state of the art home. Your new facilities are surely very impressive and demonstrate your success.

Our relationship goes back many years and we salute you for servicing our needs in an exemplary manner. We have reaped the benefits of good service and lower costs coupled with professional relationships.

There is a slogan that says: "You cannot beat a dead horse."

Molapo Technology is a well nourished horse that sends a chilly condition along the spinal columns of its competitors worldwide. I am proud of your service and the extent you go to in satisfying your customers as far away as The Mountain Kingdom (Lesotho). .

Keep it up ladies & gentlemen. Hope to meet you again in the near future. The smart partnership between our companies should go on and on for evermore.

Regards,

Makae Liphoto
